Hints for Joining the Wolverine Sports Club wsc-community@googlegroups.com

The Wolverine Sports Club uses the wsc-community google group as an email communication tool. It is open to WSC members and community non-members.

A google account is required to join a google group. There are 4 possible situations:
- you already have Gmail which includes a google account
- you already have a google account with a non-Gmail email address
- you will create a new google account with a new Gmail address
- you will create a new google account with an existing non-Gmail email address

As a result, there are several options documented below for how to join the google group. Messages are then posted by sending an email to wsc-community@googlegroups.com

OPTION A - You already have a google account, either with Gmail or a non-Gmail email address

Login to google: https://accounts.google.com/Login

Go to our google group: https://groups.google.com/g/wsc-community

Click on **Ask to join group** then click on **Ask to join**

When your membership has been approved, you will receive an email confirmation

OPTION B - You want to create a google account with a new Gmail address

Login to google: https://accounts.google.com/Login

Click on **Create account** and follow the steps to create a new google account and Gmail address

Go to our google group: https://groups.google.com/g/wsc-community

Click on **Ask to join group** then click on **Ask to join**

When your membership has been approved, you will receive an email confirmation

OPTION C - You want to create a google account with an existing non-Gmail email address

Login to google: https://accounts.google.com/Login

Click on **Create account**

Click on **Use my current email address instead** and follow the steps to create a new google account

Go to our google group: https://groups.google.com/g/wsc-community

Click on **Ask to join group** then click on **Ask to join**

When your membership has been approved, you will receive an email confirmation
